General Information And Procedures

The attached application is to be used by persons or public bodies as an application for Site Plan Approval. In the application, "subject land(s)" means the land(s) that is the subject of this application. The information collected on this form and any attached supporting documentation is considered to be a public record as defined by section 27 of the Municipal Freedom of Information and Protection of Privacy Act. Questions about this collection should be directed to the Office of the Town Clerk at 905-430-4315 or clerk@whitby.ca.

Pre-consultation:

A pre-consultation is required prior to the acceptance of an application for Site Plan Approval. The pre-consultation request is circulated electronically by the Planning and Development Department and may include representatives from various Town Departments or external agencies, as required.

The pre-consultation process will be comprised of two stages:

Stage 1: Preliminary Pre-Consultation for the purpose of identifying information and materials required for a complete application. A review fee is required at this Stage 1.

Stage 2: Pre-Submission Review of the supporting information and materials identified at Stage 1. Further revisions may be required to the supporting documents. A review fee is required at Stage 2.

Applications will not be processed when pre-consultation has not occurred in accordance with By-law 5967-07. Site Plan Approval:

Site Plan Approval is required for certain types of development as specified by By-law No. 7430-18 (a copy of the By-law is attached). The types of development which require site plan approval are:

- I. Residential development consisting of 11 or more dwelling units (except street townhouse within a registered plan of subdivision);
- II. Commercial Development;
- III. Institutional Development;
- IV. Industrial Development;
- V. Heritage Building Additions
- VI. Development within Hazard Land or Environmentally Sensitive Area or within portions of the Oak Ridges Moraine

Procedures for Processing Site Plan Applications:

1. Complete and return the application form along with the appropriate fee to cover the processing fees.
2. Submit **folded** copies of the proposed site plan and **folded** copies of the floor plan, building elevations and the landscape plan.

The plans should include the following: (if required):

Layout and elevations of proposed buildings to include among other items, the following:

- a. Key Plan - location and use of abutting properties and buildings.
 - b. Site dimensions, existing natural features, easements, road widening and services.
 - c. Proposed use, dimensions, location on lot, setbacks, walkways, sidewalks, parking areas, driveways, existing and proposed grades and drainage direction.

 - iv) Floor space index
 - v) Landscaped open space/amenity space (%) provided and required
 - vi) Parking spaces provided and required including accessible spaces
 - vii) Intent (rental, condominium or single ownership)
 - viii) Number and type of units including floor area
 - ix) Phased developments are to be fully documented i.e.: use, floor area, etc.
 - e. All elevations, materials/colour, roof mechanicals and screening method, underground parking layout and location on lot, the number and size of commercial or residential units.
 - f. Curbing detail, light standards, planters, outdoor furniture, play equipment, garbage receptacles, privacy screens, fencing, walls, walkway material, signs (identification, entrance and parking), hard landscape material, berms, banks and swales.
 - g. Landscape detail (to be identified by letter in chart form on plan) of all plant material to include size (caliper and height), common name, location and number.
3. At such time that a site plan application is approved, the applicant shall submit to the Planning and Development Department revised drawings in accordance with Site Plan Conditions for the purpose of final approval and inclusion within a site plan agreement for registration in the Land Registry Office in Whitby or Letter of Undertaking, as required.
 4. The drawings required for attachment to the site plan agreement and registration in the Land Titles Office, shall be reduced to a legal document size or as may be approved by the Planning and Development Department.
 5. The applicant agrees to reimburse the Town for any fees that may be incurred for the time spent on processing an application which is withdrawn or for the preparation and registration of a site plan agreement, whether or not such agreement is executed.

The completed application is to be submitted to:

Town of Whitby Planning and Development Department
575 Rossland Road East
Whitby, ON L1N 2M8
(Telephone: 905.430.4306)

Fees:

All fees, as detailed in the application, must be submitted with the completed application.

Regional Municipality of Durham Works Department:

Basic Requirements For Site Servicing Plans

The following outline is intended to assist the applicant in preparing site servicing plans for service connections and entrance permits for all developments other than single-family or semi-detached dwellings. Compliance with these requirements will expedite the processing of the submission. Detailed policies and by-laws covering connections and entrances are available upon request. Please contact the Region of Durham Works Department, Development Approvals Section at 905.668.7721 for further information.

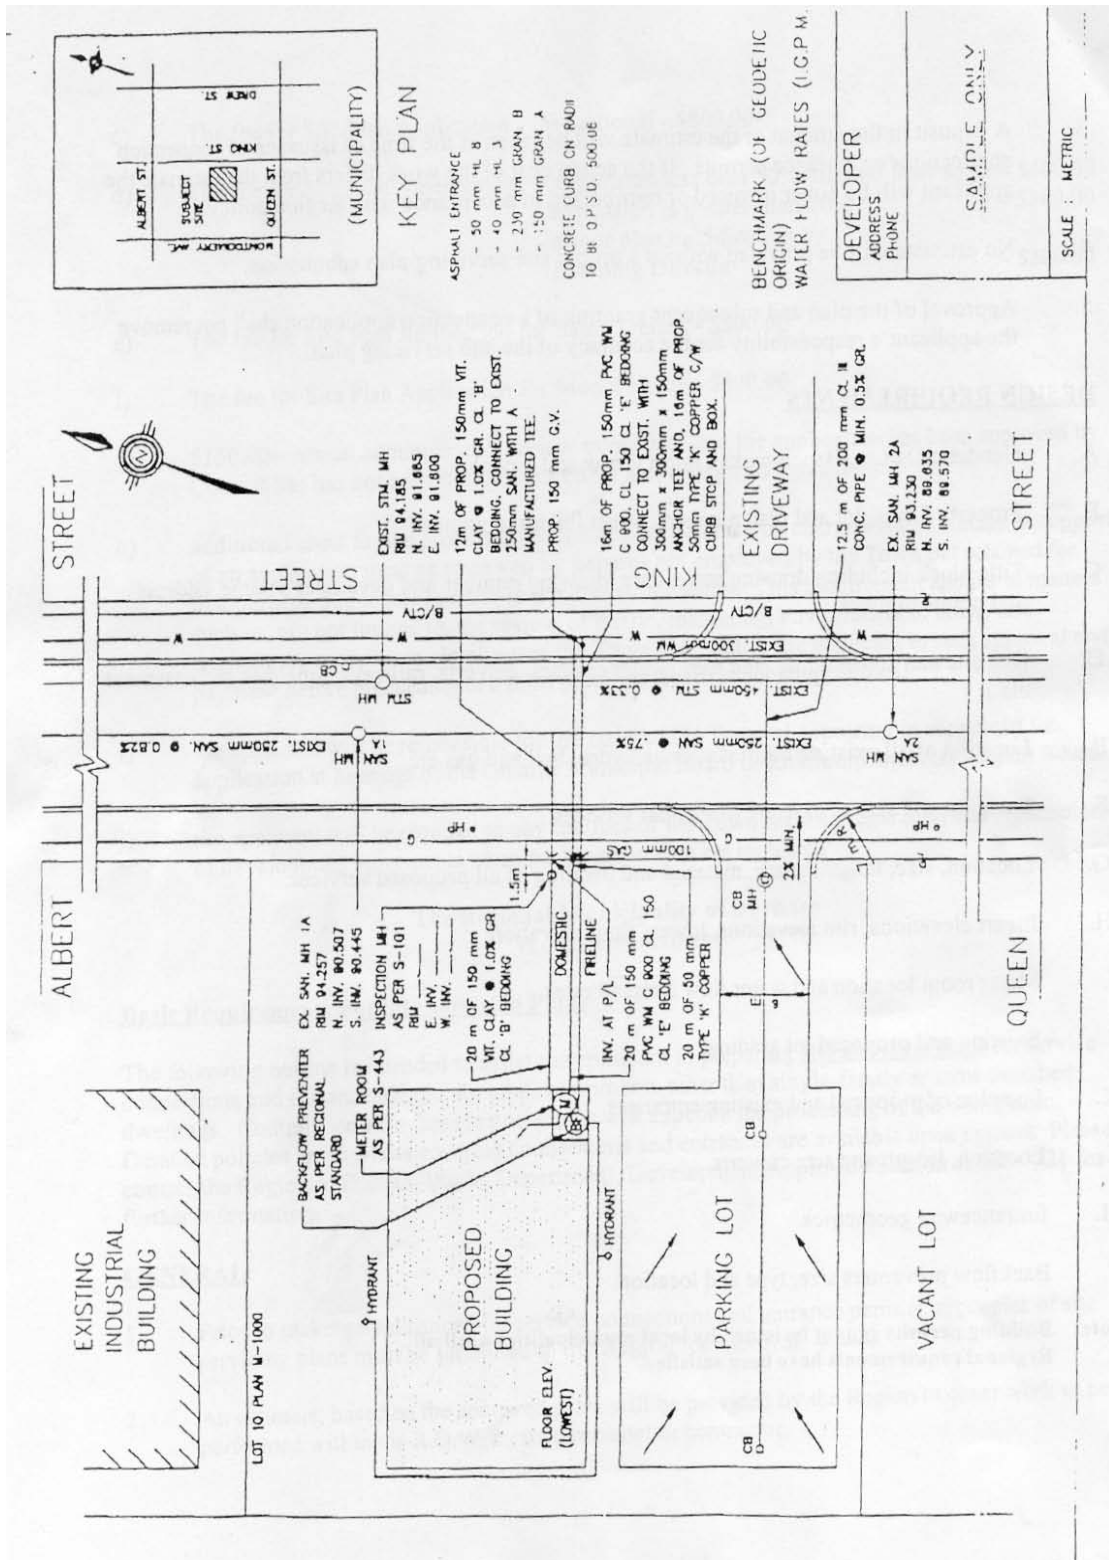

General

1. Prior to making applications for service connections and entrance permits, copies of site servicing plans must be submitted to the Region for approval.
2. An estimate, based on the approved plan, will be provided by the Region to cover work to be performed within the Right of Way. by its personnel or contractor.
3. A deposit in the amount of the estimate will be taken at the time of issuance of connection applications or entrance permits. If the actual cost of the work differs from the estimate the applicant will be either invoiced or reimbursed in accordance with Region policy.
4. No estimate will be provided without a proper site servicing plan submission.
5. Approval of the plan and subsequent granting of a connection application shall not remove the applicant's responsibility for the accuracy of the site-servicing plan.

Design Requirements

- A. Geodetic Datum (Benchmarks), north arrow and key plan.
- B. Property Lines, lot and plan numbers, street lines and names.
- C. Title block including drawing scale, date, drawing number and developer's name, address and phone number.

Town of Whitby

By-law # 7430-18

Site Plan Control By-law

Being a By-law to designate the Town of Whitby as a Site Plan Control Area and to delegate to the Commissioner of Planning and Development the authority to approve plans and drawings for site plan applications, and where required, to execute site plan agreements.

Whereas, Section 41 of the Planning Act, R.S.O. 1990, c. P.13, as amended, permits the council of a municipality to designate the whole or any part of the municipality as a site plan control area;

And whereas, Section 41 of the Planning Act, R.S.O. 1990, c. P.13, as amended, permits the council of a municipality by by-law to delegate to either a committee of the council or to an appointed officer of the municipality identified in the by-law either by name or position occupied, any of the council's powers or authority under the said section, except the authority to define any class or classes of development as mentioned in clause 41(13)(a) of the Planning Act;

And whereas, the Council of The Corporation of The Town of Whitby considers it desirable to pass such a by-law;

Now therefore, the Council of The Corporation of the Town of Whitby hereby enacts as follows:

1. Definitions

1.1. In this by-law,

1.2. **"ACT"** means the Planning Act, R.S.O. 1990, c. P.13, as amended;

"DEVELOPMENT" means the construction, erection or placing of one or more buildings or structures on land or the making of an addition or alteration to a building or structure that has the effect of substantially increasing the size or usability thereof, or the laying out and establishment of a commercial parking lot or of sites for the location of three or more trailers as defined in clause 164(4)(a) of the Municipal Act, 2001, s.o. 2001, c. 25 as amended, or of sites for the location of three or more mobile homes as defined in subsection 46(1) of the Act;

Notwithstanding the definition of development above, within the Oak Ridges Moraine, as established by Ontario Regulation 1/02, in addition, "development" shall also include the creation of a new lot, a change in land use, or the construction of buildings and structures, any of which require approval under the Act, the Environmental Assessment Act, R.S.O. 1990., c. E.18, as amended, or the Drainage Act, R.S.O. 1990 c. 0.17, as amended, but does not include:

- (a) the construction of facilities for transportation, infrastructure and utilities uses, by a public body as described in Section 11.11.9 of the Town of Whitby Official Plan;
- (b) the reconstruction, repair or maintenance of a drain approved under the Drainage Act, R.S.O. 1990, c. D.17, as amended, and in existence on November 15, 2001;
- (c) the carrying out of agricultural practices on land that was being used for agricultural uses on November 15, 2001;
- (d) the placement of a portable classroom on a school site of a district school board if the school site was in existence on January 1, 2007.

"SITE ALTERATION" within the Oak Ridges Moraine means activities such as filling, grading and excavation that would change the landform and natural vegetative characteristics of land, but does not include,

- (a) the construction of facilities for transportation, infrastructure and utilities uses, by a public body as described in Section 11.11.9 of the Town of Whitby Official Plan;
- (b) the reconstruction, repair or maintenance of a drain approved under the Drainage Act, R.S.O. 1990, c. D.17, as amended and in existence on November 15, 2001;
- (c) the carrying out of agricultural practices on land that was being used for agricultural uses on November 15, 2001.

"TOWN" means The Corporation of the Town of Whitby.

2. Interpretation

2.1. Site Plan Control Area

All land located within the corporate limits of the Town is hereby designated as a site plan control area.

3. General

3.1. No person shall undertake any development in the site plan control area designated by this By-law unless the Council of the Town or, where a referral has been made under subsection 41(12) of the Act, as amended, to the Local Planning Appeal Tribunal has approved,

- (a) plans showing the location of all buildings and structures to be erected and showing the location of all facilities and works to be provided in conjunction therewith including those facilities and works referred to in subsection 3.2 of this By-law and, including facilities designed to have regard for accessibility for persons with disabilities;
- (b) drawings showing plan, elevation and cross section views for each building to be erected which are sufficient to display,

- (i) the massing and conceptual design of the proposed building;
 - (ii) the relationship of the proposed building to adjacent buildings, streets, and exterior areas to which members of the public have access;
 - (iii) the provision of interior walkways, stairs, elevators and escalators to which members of the public have access from streets, open spaces and interior walkways in adjacent buildings;
 - (iv) matters relating to exterior building design details including, but not limited to sustainable design, character and appearance, but only to the extent that it is a matter of exterior design;
 - (v) facilities designed to have regard for accessibility for persons with disabilities;
 - (vi) sustainable and accessible design elements within, or adjacent to, an adjoining municipal right-of-way, including without limitation, trees, landscaping, permeable paving materials, street furniture, curb ramps, waste and recycling containers and bicycle parking facilities;
 - (vii) architectural drawings illustrating appropriate design characteristics and materials to mitigate the potential for bird strikes and a report from a qualified environmental consultant that states that appropriate and acceptable mitigation measures have been included in the design.
- (c) Within the Oak Ridges Moraine, plans or drawings showing how the recommendations of an approved natural heritage evaluation will be implemented.
- 3.2. As a condition of approval of the plans and drawings referred to in subsection 3.1 of this By-law, the Town may require the owner of lands being developed to,
- (a) provide to the satisfaction of and at no expense to the Town any or all of the following:
 - (i) widenings of highways that abut on the land;
 - (ii) subject to the Public Transportation and Highway Improvement Act, R.S.O. 1990, c. P.50, as amended, facilities to provide access to and from the lands such as access ramps, curbing and traffic direction signs;

- (iii) off-street vehicular loading and parking facilities, either covered or uncovered, access driveways, including driveways for emergency vehicles, and the surfacing of such areas and driveways;
 - (iv) walkways and walkway ramps, including the surfacing thereof, and all other means of pedestrian access;
 - (v) facilities designed to have regard for accessibility for persons with disabilities;
 - (vi) facilities for the lighting, including floodlighting, of the land or of any buildings or structures thereon;
 - (vii) walls, fences, hedges, trees, shrubs or other ground cover or facilities for the landscaping of the land or the protection of adjoining land;
 - (viii) vaults, central storage and collection areas and other facilities and enclosures for the storage of garbage and other waste material;
 - (ix) easements conveyed to the Town for the construction, maintenance, or improvement of water courses, ditches, land drainage works and sanitary sewerage facilities and other public utilities on the land;
 - (x) grading or alteration in elevation or contour of the land and provisions for the disposal of storm, surface and waste water from the land and from any buildings or structures thereon;
 - (xi) reports and/or studies demonstrating conformity with the policies of the Town's Official Plan and requirements of the Town's Zoning By-laws, as amended.
- (b) maintain to the satisfaction of the Town and at the sole risk and expense of the owner any or all of the facilities or works mentioned in paragraphs (ii) to (viii), inclusive, of clause 3.2(a) of this By-law including the removal of snow and ice from access ramps and driveways, parking and loading areas and walkways;
 - (c) enter into one or more agreements with the Town dealing with and ensuring the provisions of the facilities, works or matters to be provided in accordance with clause 3.2(a) of this By-law and the maintenance thereof as mentioned in clause 3.2(b) of this By-law and the provision and approval of the plans and drawings referred to in subsection 3.1 of this By-law.
- 3.3. The Commissioner of Planning and Development is authorized to execute on behalf of the Town any agreement being entered into pursuant to clause 3.2(c) of this By-law.

3.4. Delegation

- 3.4.1. Despite the provisions of subsection 3.1 of this By-law relating to the approval of a class or classes of development within the site plan control area by the Council of the Town, the Commissioner of Planning and Development, or his or her designate, is authorized to approve the following:
- (a) Development of residential sales offices and model homes.
 - (b) Development, expansion and/or enlargement of new and existing buildings and structures on lands located within an Environmentally Sensitive Area or Hazard Land designation beyond the Urban Area Boundary as shown on Schedules “A” and “C” of the Whitby Official Plan;
 - (c) Development, expansion and/or enlargement of new and existing buildings and structures within the dotted area as outlined on Schedule “A-1” Oak Ridges Moraine – Environmental Protection Site Plan Control Area and within the single or double cross-hatching areas as outlined on Schedule “A-2” Oak Ridges Moraine – Landform Conservation Areas Site Plan Control Area attached hereto and forming part of this by-law.
 - (d) Pursuant to clause 41(13)(b) of the Act, the powers and authority of the Council of the Town of Whitby under section 41 of the Act, except the authority to define any class or classes of development as mentioned in clause 41(13)(a) are hereby delegated to the Commissioner of Planning and Development of the Town of Whitby.
 - (e) Notwithstanding clause 3.4.1 (d), the Commissioner of Planning and Development shall not grant or deny approval of a site plan application where Council by resolution has withdrawn delegated authority.
- 3.4.2. When exercising such power and authority, the Commissioner of Planning and Development shall be responsible for the processing, co-ordination and preparation of any agreements being entered into pursuant to clause 3.2 (c) of this By-law and shall comply with all By-laws and policies adopted by the Council relating to any of the matters which are to be considered under the said Section.

3.5. Exceptions

- 3.5.1. The following class or classes of development may be undertaken without the approval of plans and drawings otherwise required under subsection 3.1 of this By-law:
- (a) single detached dwelling, semi-detached dwelling, duplex dwelling, link dwelling or street townhouse dwelling including

any accessory buildings related thereto, and buildings or structures used for agricultural operations, unless,

- (i) the main building and any accessory building or structure is designated under the Ontario Heritage Acts, R.S.O. 1990, c. O.18, as amended;
- (ii) the land is located within an Environmentally Sensitive Area or Hazard Land designation as shown on Schedules "A" and "C" to the Whitby Official Plan.

4. Schedule(s)

4.1. Oak Ridges Moraine – Environmental Protection Site Plan Control Area

- 4.1.1. Despite the provisions of subsection 3.5 of this By-law, in the Oak Ridges Moraine, on the land located within the dotted area as shown on Schedule "A-1" Oak Ridges Moraine – Environmental Protection Site Plan Control Area attached hereto and forming part of this By-law, the approval of plans and drawings is required under subsections 41(4) and (5) of the Act.

4.2. Oak Ridges Moraine – Landform Conservation Areas Site Plan Control Area

- 4.2.1. Within the Oak Ridges Moraine, the following provisions shall apply with respect to an application for development or site alteration within a Landform Conservation Area (Category 1) as indicated by single diagonal cross-hatching on Schedule "A-2" Oak Ridges Moraine – Landform Conservation Areas Site Plan Control Area, attached hereto and forming part of this By-law:

- (a) The net developable area of the site that is disturbed shall not exceed 25 per cent of the total site area; and
- (b) The net developable area of the site that has impervious surfaces shall not exceed 15 per cent of the total site area.

- 4.2.2. Within the Oak Ridges Moraine, the following provisions shall apply with respect to an application for development or site alteration within a Landform Conservation Area (Category 2) as indicated by double cross-hatching on Schedule "A-2" Oak Ridges Moraine – Landform Conservation Areas Site Plan Control Area, attached hereto and forming part of this By-law:

- (a) The net developable area of the site that is disturbed shall not exceed 50 per cent of the total site area; and
- (b) The net developable area of the site that has impervious surfaces shall not exceed 20 per cent of the total site area.

5. Enforcement and Penalties

- 5.1. In default of the provision and approval of the plans and drawings referred to in subsection 3.1 of this By-law or the provision of any or all of the facilities, works or matters referred to in clause 3.2(a) of this By-law and the maintenance thereof to the satisfaction of the Town, the provision of such plans, drawings, facilities, works or matters may be carried out by the Town at the owner's expense and at the sole risk of the owner.
- 5.2. In default of maintenance by the owner to the satisfaction of the Town of any or all of the facilities or works referred in clause 3.2(b) of this By-law, such maintenance may be done by the Town at the owner's expense and at the sole risk of the owner.
- 5.3. Any expense incurred by the Town under subsections 5.1 or 5.2 of this By-law may be recovered by action, or the same may be recovered in like manner as a municipal property tax as a priority lien against the property in respect of which the amount was imposed, or the Town may provide that the expense incurred by it with interest shall be payable by the owner in annual instalments not exceeding ten years and may, without obtaining the assent of the electors, borrow money to cover such expense by the issue of debentures of the Town payable in not more than ten years.

6. Short Title

- 6.1. This By-law may be referred to as the Site Plan Control By-law.

7. Repeal of Existing By-law

- 7.1. By-law # 7015-15 is repealed.

8. Effective Date

- 8.1. This By-law shall come into force and take effect upon the final passing thereof.

Accessibility Standards

The Town of Whitby encourages all applicants to review and incorporate the Town of Whitby Accessibility Standards (2005) when submitting site plan applications. The Accessibility Standards can be accessed through the Town's website (see link below) or to receive a copy, please contact the Planning and Development Department at 905.430.4306.

Town of Whitby Accessibility Standards: http://www2.whitby.ca/asset/pw-guideline_accessibilitystandards.pdf

Below is a brief summary of some of the main exterior accessibility components that should be considered when developing a site plan:

- Accessible Parking Spaces (Section 4.3.12 of Whitby Accessibility Standards) must comply with Accessible Parking Space By-law 4981-02 (Zoning By-law 1784) or 4982-02 (Zoning By-law 2585), and should be:
 - located as close to the building entrance as possible
 - located so that minimal traffic crossings need to be made
 - clearly marked and signed
 - provided with a marked accessible route from the accessible parking space to an accessible building entrance including:
 - curb ramps (barrier free curbs) (4.1.10)
 - detectable coloured and textured warning surface (4.4.8)
 - signage (4.4.7)
 - lighting (4.4.13)
- Ramps (4.1.9) should be:
 - located on an accessible route
 - designed with a proper running slope
 - designed so that water will not accumulate on the ramp surface
- Ground Surfaces (4.1.2) should be:
 - stable, firm, slip resistant and glare-free
- Grates (4.1.2) located on walking surfaces should:
 - have spaces less than 13mm (1/2 inch) wide in one direction
 - be placed so the long dimension of the spaces are across the dominant direction of travel (see diagrams in Section 4.1.2)
- Balconies, Porches, Terraces and Patios (4.3.11) should be:
 - located in an accessible area
 - surfaced as per Section 4.1.2
 - be sloped slightly to allow water to drain
 - bordered by a rail (4.1.13) in a design that allows clear vision below the rail

- Passenger Loading Zones (4.3.13) should be:
 - located on an accessible route (4.1.4)
 - appropriately signed as an accessible zone (4.4.7)
- Landscaping Plant Material (4.3.14) should be:
 - species that will not cause slipping or tripping hazards on pathways (ex: large fallen seed pods can be slipping hazards)
 - trimmed to prevent overhanging onto pathways
 - brightly coloured along walkways to act as a visual warning of the edge of the path
- Hard Landscaping Material (4.3.14) should be:
 - immune to frost heave when part of the pathway to prevent tripping hazards
 - raised to cane-detectable levels at pathway edges to act as a physical warning of the edge of path
- Street and Outdoor Furniture (4.3.15, 4.3.16 & 4.3.17) should be:
 - made accessible to persons using wheelchairs or other mobility devices (i.e. proper height, arm and back rests)
 - located on an accessible route
 - recessed from the main path of travel so they do not become a potential obstruction to persons who are blind
 - securely mounted on a stable surface

Shadow Study Guidelines

The Town of Whitby requires a shadow study to be completed for any development containing a building with a height, in part or entirely, greater than 6 storeys OR 18 metres.

A shadow study will be sufficient for approval by the Town only if it clearly demonstrates the following:

For the purpose of these guidelines “*Recreation and Amenity Space*” shall include, but may not be limited to, children’s play areas in public and private parks and school yards, sitting areas in public and private parks and open spaces, and the front and rear yards of detached, semi-detached and townhouse style residential dwelling units.

Developments shall ensure that at least half of the total surface area of recreation and amenity space, on the lands subject to development and those in the vicinity of the development, is exposed to sunlight during **at least two consecutive times** on the following dates*:

- April 21st at **11:00 AM, 1:00 PM, 3:00 PM, 5:00 PM**
- September 21st at **11:00 AM, 1:00 PM, 3:00 PM**

Developments shall ensure that the entire surface area of existing solar panels on the lands in the vicinity of a proposed development is exposed to sunlight during **at least two times** on the following date*:

- December 21st at **10:00 AM, 12:00 PM, 2:00 PM**

* Additional dates may be requested at the discretion of the Town of Whitby.

The following structures will be exempt from submitting a shadow study:

- Structures in Agricultural zones;
- Communications towers / antennas;
- Lighting poles and fixtures
- Structures used for the collection of wind or solar power;
- Structures used for conveyance of electricity;
- Steeples accessory to places of worship; and
- Buildings under 6 storeys or 18 metres in height unless otherwise requested by the Planning and Development Department;

Proposed Servicing and Access Questionnaire

This form must be completed and submitted with the attached development application. Please refer to the table on the next page when completing the following questions. Please check the corresponding letter for the proposed type of servicing and access:

1. What is the proposed type of **sewage disposal system**:

- A. Municipal piped sewage system
 B. Municipal or private communal septic system
 C. Individual septic systems
 D. Privy
 E. Other (please specify) _____

Is the required information / report attached? Yes No Not Applicable

2. What is the proposed type of **water supply system**:

- A. Municipal piped water system
 B. Municipal or private communal wells
 C. Individual wells
 D. Communal surface water
 E. Individual surface water
 F. Lake
 G. Other (please specify) _____

Is the required information / report attached? Yes No Not Applicable

3. What is the proposed type of **storm drainage system**:

- A. Sewers
 B. Ditches or swales
 C. Other (please specify) _____

Is the required information / report attached? Yes No Not Applicable

4. What is the proposed type of **road access**:

- A. Provincial Highway
 B. Municipal road maintained all year
 C. Municipal road maintained seasonally
 D. Right-of-way
 E. Water

Is the required information / report attached? Yes No Not Applicable

5. Does the requested amendment propose development on a privately owned and operated individual or communal septic system and would more than 4500 litres of effluent be produced per day as a result of the development being completed?

Yes No

If **Yes**, a servicing options report and a hydrogeological report are required.

The information above was prepared by:

Proposed Servicing and Access Information Requirements	
1. Sewage Disposal	Action or Required Information / Reports
A. Municipal piped sewage system	None at this time. Durham Region will determine if sewage plant capacity is available.
B. Municipal or private communal septic system	More than 4500 litres of effluent produced per day: a servicing options statement ¹ , a hydrogeological report ² .
C. Individual septic systems	For more than 5 lots/units: a servicing options statement ¹ and a hydrogeological report ² . For up to 5 lots/units each generating less than 4500 litres per day effluent: a hydrogeological report ² .
D. Other	Please Describe:
2. Water Supply	Action or Required Information / Reports
A. Municipal piped water system	None at this time. Durham Region will determine if water treatment plant capacity is available.
B. Municipal or private communal wells	For more than 5 lots/units: a servicing options statement ² , a hydrogeological report ² and an indication whether a public body is willing to own and operate the system ³ . For non-residential development where water will be used for human consumption: a hydrogeological report².
C. Individual wells	For the development of more than 5 lots/units: a servicing options statement ¹ and a hydrogeological report ² .
D. Communal surface water	A " water taking permit " under Section 34 of the Ontario Water Resources Act.
E. Individual surface water	MNR clearance should accompany the servicing options report submitted to MOEE.
F. Other	Please Describe:
3. Storm Drainage	Action or Required Information / Reports
A. Sewers	A preliminary stormwater management report is recommended, and should be prepared concurrent with any hydrogeological reports for submission with the application. A storm water management plan will be needed prior to final approval of a plan of subdivision or a site plan.
B. Ditches or swales	
C. Other	
4. Access	Action or Required Information / Reports
A. Provincial Highway	Application to MTO for an access permit should be made at the time of submission of this application as an access permit is required prior to development.
B. Municipal road maintained all year	None at this time. The Town will indicate acceptance of road alignment and access when the application is reviewed.
C. Municipal road maintained seasonally	Development is not usually permitted on seasonally maintained roads.
D. Right-of-way	Access by right-of-way on a private road is not usually permitted, except as part of a condominium.
E. Water Access	Information on the capacity of the proposed docking facility to accommodate the proposed development and the approximate distance of the facilities from the subject land and the nearest public road will assist the review.

1 Written confirmation that the Ministry of Environment and Energy (MOEE) and the Region concur with the servicing options statement will facilitate the review of the application.

2 All development on individual or communal septic tanks requires a hydrogeological report. Before undertaking such a report, consult MOEE and the Region's Health Department about the type of hydrogeological assessment that is expected based on the nature and location of the proposal.

3 Where communal services are proposed (water and/or sewage), it is Provincial policy that the Region must own these services, unless otherwise permitted by MOEE. Current Regional policy does not provide for the Region to own communal services.

Whitby Green Standard

As of September 28, 2020, the Town approved the [Whitby Green Standard](#). All new Site Plan and Plan of Subdivision Applications are required to follow the Whitby Green Standard and meet at a **minimum** Tier 1- Mandatory Performance Criteria as outlined in the respective **Site Plan Checklist** and **Plan of Subdivision Checklist**. This checklist will need to be completed and submitted as part of a complete Development application in addition to a stand-alone **Sustainability Rationale Report**.

It is encouraged that consideration be given for advanced sustainability criteria through the uptake of voluntary Tiers 2-4. These standards support sustainable site design for development and redevelopment on public and private property, enhancing the Municipality's natural heritage, economic vitality, cultural heritage, and social aspects.

Sustainability Rationale Report

To support compliance of the Whitby Green Standard, we recommend that the Sustainability Rationale be submitted in the following format:

1. **Executive Summary:** Overview of the project and declaration of performance tier commitment.
2. **Purpose of the Application:** Detailed description of the project.
3. **Sustainability Overview:** Summary of the project's sustainability vision and objectives.
4. **Sustainability Declaration:** Provide the performance tier that will be achieved by the project.
5. **Mandatory Performance Measures:** List all mandatory performance measures and their related reference document(s) in a table format.
6. **Voluntary Performance Measures:** Where a higher performance tier is being pursued, list all core, voluntary performance measures, and their related reference document(s) in a table format.
7. **Innovation:** If applicable, provide an overview of any innovation performance

Site Screening Questionnaire for Identifying Potentially Contaminated Development Sites in the Regional Municipality of Durham

This form must be completed for all planning applications unless two original copies and a digital copy of the applicable Environmental Site Assessment (ESA) work prepared in accordance with Ontario Regulation (O.Reg.) 153/04, as amended, is submitted to the approval authority in support of this development proposal. If you have any questions about this questionnaire, please contact the Regional Municipality of Durham as identified above.

Landowner Name: _____

Mailing Address (Street No. and Name): _____

Location of Subject Lands (Municipal Address): _____

Lot(s): _____ Concession(s): _____ Registered Plan #: _____

Former Township: _____ Municipality: _____

Related Planning Application(s) and File Number(s) _____

1. What is the current use of the property? Check the appropriate use(s):

Category 1: Industrial Commercial Community

Category 2: Residential Institutional Parkland

Category 3: Agricultural Other

Note: daycare facilities and a property that contains a religious building(s) are considered institutional uses. See Ontario Regulation 153/04, as amended, for definitions.

2. Does this development proposal require a change in property use that is prescribed under the *Environmental Protection Act* and O.Reg. 153/04 (e.g. a change to a more sensitive use from Category 1 to 2; 2 to 3; or 1 to 3 as identified under Question 1)?

Yes No

If yes to Question 2, a Record of Site Condition must be filed on the Provincial Environmental Site Registry.

3. Has the property or any adjacent lands ever been used as an Enhanced Investigation Property (e.g. industrial uses; chemical warehousing; automotive repair garage; bulk liquid dispensing facility, including a gasoline outlet and/or a dry-cleaning equipment)?

Yes No

4. Has fill (earth materials used to fill in holes) ever been placed on the property?

Yes No

5. Is the property or any adjacent lands identified as a wellhead protection zone? (Please review the Ministry of the Environment, Conservation and Parks [Source Protection Information Atlas](#) to confirm)

Yes No

6. Is the property within 250 metres from an active or decommissioned landfill/dump, waste transfer station or Polychlorinated Biphenyl (PCB) storage site?

Yes No

7. Has the property ever stored/generated/accepted hazardous materials requiring Hazardous Waste Information Network (HWIN) registration or other permits?

Yes No

8. Does the subject lands or lands abutting it previously or currently support one or more of the Potentially Contaminating Activities identified in Table 2 of Schedule D of O.Reg 153/04, as amended (see attachment)?

Yes No

If Yes was selected in any of the questions above, a Phase One ESA (and possibly a Phase Two ESA) at a minimum prepared in accordance with O.Reg. 153/04, is required. Please submit two hard copies and a digital copy of the Phase One and/or a Phase Two ESA that satisfies the requirements of O.Reg 153/04, as amended.

ESA's may be waived at the Region's discretion provided that the Applicant/Qualified Person (QP) can demonstrate that the response(s) does not pose a risk to human health and the environment to the Region's satisfaction (e.g. consent applications relating to easements, leases, mortgages, correction of title as well as location of off-site Potentially Contaminated Activities; and direction of surface and groundwater flow etc.).

The Region must be granted third party reliance on all ESA work through the completion of its Reliance Letter and Certificate of Insurance. Regional third-party reliance is not required if a Record of Site Condition is filed on the Environmental Site Registry for the proposed property use and/or the Ministry of the Environment, Conservation and Parks (MECP) issues a notice of a Certificate of Property Use where applicable.

Note: The Region may scope the Environmental Site Assessment requirements for minor development proposals on Enhanced Investigation Properties (e.g. accessory structures) or determine if additional environmental work is required.

Declarations:

This form must be completed and signed by both a Qualified Person and the property Owner(s) or Authorized Agent for all development applications made under the *Planning Act* and reviewed by the Region of Durham Planning Department.

A QP sign-off may be waived by the Region for the following Land Division Committee application types: leases; mortgages; title corrections; re-establishment of lot lines (where title inadvertently merged); minor lot line adjustments (at the discretion of the Region); as well as minor variances; minor zoning by-law amendments (e.g. where there is no physical development, the addition of a new non-sensitive land use), and/or part lot control applications where site contamination was recently addressed by a related planning application. For a full list of QP exemptions, please see Appendix B of the Regional Municipality of Durham's Soil and Groundwater Assessment Protocol.

Where a QP sign-off is required on this form, the completion of a Regional Reliance Letter and Certificate of Insurance may be waived.

To the best of my knowledge, the information provided in this questionnaire is true, and I do not have any reason to believe that the subject property contains contaminants at a level that would interfere with the proposed property use. I am a Qualified Person in accordance with Ontario Regulation 153/04 and carry the required liability insurance in accordance with Appendix F of the Regional Municipality of Durham's Soil and Groundwater Assessment Protocol.

Reliance Letter (to be presented on each company's unique letterhead)

At the request of Property Owner or Developer's Name and for other good and valuable consideration, [ABC Engineering Ltd.] represents and warrants to the Regional Municipality of Durham ("Region") that the reports and work are completed in accordance with Ontario Regulation 153/04 (O.Reg.153/04), unless stated otherwise in the documents, for the purposes of filing a Record of Site Condition in accordance with O.Reg. 153/04 and was completed by or under the supervision of a Qualified Person within the meaning of the *Environmental Protection Act* and O.Reg. 153/04, as amended from time to time.

[ABC Engineering Ltd.] agrees that the Region may rely upon the reports listed herein referenced by the Region as [File # xxx], including the representations, assumptions, findings, and recommendations contained in the reports:

- Phase One Environmental Site Assessment, date, report type, author (QP), company (mandatory)
- Phase Two Environmental Site Assessment, date, report type, author (QP), company (if applicable)
- Other Environmental Site Assessment Documentation, PSF, RA (if applicable)

[ABC Engineering Ltd.] further agrees that that in the case of any inconsistency between this Reliance Letter and any limitations set out in the aforementioned reports, this letter shall take priority.

[ABC Engineering Ltd.] understands and agrees that it is appropriate to extend reliance to the Region in relation to the reports listed herein so as to assist the Region in its assessment of the environmental suitability of the site and/or request to use non-potable groundwater standards.

[ABC Engineering Ltd.] further agrees that it will promptly notify the Region upon receipt of notice by the Ministry of the Environment, Conservation and Parks that the Ministry intends to audit any report listed herein and if so, to provide the Region with written confirmation of the results of the audit (Only applicable if filing the report as part of RSC or RA).

[ABC Engineering Ltd.] represents and warrants that it complies with all applicable insurance provisions contained within O.Reg. 153/04, as amended.

[ABC Engineering Ltd.] shall provide the Region with proof of insurance and maintain a minimum Professional Liability insurance coverage of \$2,000,000 per claim and \$4,000,000 aggregate.

[ABC Engineering Ltd.] agrees that its liability to the Region shall not be limited to an amount less than the Region’s minimum insurance requirements set out immediately above.

[ABC Engineering Ltd.] shall indemnify and save harmless the Region and its elected officials, officers, employees and agents from and against all claims actions, causes of action, losses, expenses, fines, costs, interest or damages of every nature and kind whatsoever, arising out of or allegedly attributable to the negligent acts, errors, omissions, misfeasance, nonfeasance, fraud or willful misconduct of the Consultant/Company, its directors, officers, employees, agents, contractors and subcontractors, or any of them, in connection with or in any way related to the delivery or performance of the work and reports provided to the Region that is subject to this Reliance Letter. This indemnity shall be in addition to and not in lieu of any insurance to be provided by the Consultant/Company in accordance with this reliance letter.
