

What You Need to Know This Week

Natural Christmas Tree Collection

Natural Christmas trees will be collected in Whitby after the holiday season on your regular garbage collection day from January 4 through to January 15. In blue collection areas, trees will be collected between January 4 and 9. In yellow collection areas, trees will be collected from January 11 to 15. To confirm your collection day, check the waste collection calendar or download the Whitby Waste Buddy app at whitby.ca/waste

Please remember to clean trees of any tinsel, decorations, wire, stands or bags and cut trees longer than 3 metres (10 feet) in half.

What to Expect After a Snowfall

Wondering when your street will be plowed after a snowfall? Use the “Find My Street” tool to learn more about how soon after a snowfall Whitby roads will be cleared.

Province-wide Shutdown Now in Effect

On Saturday, December 26, at 12:01 a.m., Ontario (including Whitby) entered a province-wide shutdown that will remain in effect until at least January 23, 2021.

This means residents must limit close contact to those in their immediate household and stay home as much as possible, except for essential purposes like grocery shopping. Town facilities are also now closed to the public until further notice. For more information on what the shutdown means in Whitby, visit whitby.ca/coronavirus

Follow public health advice to stop the spread of COVID-19:

- Practise physical distancing
- Properly wear a mask
- Wash your hands
- Stay home if sick

We're in This Together

This has been a very different year. Feeling anxious, overwhelmed or need someone to talk to? Information and resources are available to support you at whitby.ca/stayconnected and durham.ca/communityresources
