Thank you for attending tonight’s Community Open House!

Your views are important to us. Please take a moment to complete this questionnaire. You can deposit it in the Comments box, or complete it later and submit it by mail or e-mail.

The Town of Whitby and Central Lake Ontario Conservation Authority (CLOCA) are undertaking a Class Environmental Assessment Study to assess the risk of flooding from Lynde Creek. The Study will examine the different solutions available and identify the best solution(s) to reduce flooding and flood damages associated with Lynde Creek.

1. My property/interest is: (Please check all that apply)

- [ ] within the Study Area
- [ ] residential property
- [ ] outside the Study Area
- [ ] commercial/industrial property
- [ ] general interest
- [ ] recreational property
- [ ] regulatory interest
- [ ] other (please specify): ____________________________

2. Has your property been impacted by flooding in the past?

- [ ] Standing water on your property How often? ____________
- [ ] Water flowing through your property How often? ____________
- [ ] Water entering buildings on your property How often? ____________
- [ ] Damage to vehicles parked on your property How often? ____________
- [ ] other (please specify): ____________________________ How often? ____________

If yes to any of the above, please provide the address of the impacted property:

__________________________________________________________

3. Do you have any comments or concerns regarding the information presented on existing conditions within the Study Area?
