

## Notice of Study Completion

### Whitby Coastal Flood Risk Assessment and Municipal Class Environmental Assessment

The Town of Whitby, in partnership with the Central Lake Ontario Conservation (CLOCA) has completed a Municipal Class Environmental Assessment (EA) Study to assess the risk of coastal hazards of the Whitby shoreline extending from Lakeridge Road to Boundary Road. The study evaluated the potential for coastal hazards along the study area, assessed, and recommended multiple alternatives to resist or eliminate coastal hazard concerns.

This study was carried out in accordance with the Master Planning Process Approach No. 2 as outlined in the Municipal Engineers Association “Municipal Class Environmental Assessment” document (October 2000; amended 2007, 2011 and 2015). Approach No. 2 includes Phases 1 and 2 of the Municipal Class Environmental Assessment (EA) process where the level of investigation, consultation and documentation are sufficient to fulfill ‘Schedule B’ projects identified within the study.

The existing environments were inventoried, and alternative solutions were developed, evaluated and preferred alternatives were recommended. (Refer map for reach numbers),

- Preferred alternative for reaches 2, 5, 7, 9, 9a, 9b, 10 and 14:
  - “Repair & Replacement of existing shoreline structures, such as seawall, revetment, sheet pile, groyne & marina structures”. These projects are categorized as Schedule A & A+, and pre-approved to proceed
- Preferred alternative for reaches 1, 3, 6, 11 and 12:
  - “Modification & Improvement to natural features, such as natural shoreline, wetlands, and aquatic habitat and water course/creek outlets”. These projects were categorized as Schedule B projects, and subject to Part II Order provisions described later in this Notice.

In accordance with the Municipal Class Environmental Assessment process, the Project File Report will be placed on public record for a 30-day review period beginning April 8, 2021. Due to the ongoing COVID-19 pandemic situation, only digital copies are available from the Town of Whitby website at [whitby.ca/studies](http://whitby.ca/studies)

Written comments or questions should be sent to the Town of Whitby or CLOCA before May 16, 2021. (Contact information below)

During the review period, if there are outstanding concerns that the Project may adversely impact constitutionally protected Aboriginal and treaty rights, which cannot be resolved in discussion with the Town, then a person or party may request that the Minister of the Environment, Conservation and Parks make an order for the Project to comply with Part II of the Environmental Assessment Act. Requests on other grounds will not be considered. This is referred to as a Part II Order, which addresses Individual Environmental Assessments.

Requests should specify what kind of order is being requested (request for additional conditions or a request for an individual/comprehensive environmental assessment), how an order may prevent, mitigate, or remedy those potential adverse impacts, and any information in support of the statements in the request. The request should be sent in writing or by email to all the following:

Minister of the Environment, Conservation and Parks  
Ministry of Environment, Conservation and Parks  
5th Floor, 777 Bay Street,  
Toronto, ON M7A 2J3
