

What You Need to Know this Week:

Province-wide Shutdown

Ontario in Province-wide Shutdown

Ontario is in a province-wide shutdown until at least January 23, 2021. This means residents must limit close contact to those in their immediate household and stay home as much as possible, except for essential purposes like grocery shopping. Town facilities are also now closed to the public until further notice. For more information on new restrictions impacting residents and local businesses, visit whitby.ca/coronavirus

Connecting with the Town

Although our facilities are temporarily closed during the province-wide shutdown, there are still many ways to connect with us – whether it's online, by email or phone. For a snapshot of some of our most frequently used services and how to access them, visit whitby.ca/services

Be Winter Ready

During the winter months the Town maintains roads and sidewalks by sanding, salting, grooming and removing snow. To prepare and respond quickly, four local weather forecasts are received and analyzed each day.

Be prepared for major weather events by signing up to receive email alerts from the Whitby Weather Desk at whitby.ca/subscribe

When will your street be cleared?
