Designing a New Whitby Sports Complex

The Town is working to design a new Whitby Sports Complex to help meet both the immediate and future recreational needs of our growing community.

The new complex will be located on the west side of Baldwin Street South, south of the intersection of Highway 407.

The vision for the complex: to create a multi-purpose gathering space for inclusive sport and community programming – a place for residents of all ages and abilities to connect, play and get active.

Share your feedback on three proposed designs:

- Complete a short survey by April 2
- Register to attend a virtual Community Engagement Session
