NOTICE OF STUDY COMPLETION
BRITANNIA AVENUE WEST EXTENSION
MASTER PLAN – CLASS EA STUDY

The Study

Tribute Communities and the Town of Whitby have completed a Master Plan under the Municipal Class Environmental Assessment (E.A.) process to determine the location and characteristics of a proposed westerly extension of Britannia Avenue West, from east of proposed Windfields Farm Drive west to Thickson Road North. The proposed extension will be a “Type C” arterial road and will support planned urban growth and the orderly distribution of traffic in north Whitby and Oshawa.

Phases 1 and 2 of the Municipal Class E.A. process established a preferred corridor in which the entire extension will be constructed from east of proposed Windfields Farm Drive westerly to Thickson Road North. Phases 3 and 4 of the Municipal Class E.A. process established a preferred alignment for a section of the extension from east of proposed Windfields Farm Drive westerly to Thornton Road North.

Environmental Study Report

The resulting Environmental Study Report (E.S.R.) has been completed and is being placed on the public record for a 30 day review period which begins Thursday December 18, 2014. Due to the holiday season, the review period has been extended and it will end on Friday January 30, 2015. The E.S.R. will be filed and available for public review at the following locations:
