The Town of Whitby is undertaking a Class Environmental Assessment (Class EA) study for Ferguson Avenue between Winchester Road (Highway 7) and Vipond Road. This project is examining options to mitigate operational and safety concerns on Ferguson Avenue in the community of Brooklin.

The Class EA Study is being carried out as a Schedule ‘B’ project in accordance with the requirements of the Municipal Class Environmental Assessment, published by the Municipal Engineer’s Association (2000; amended 2007 & 2011).

Public consultation is a key component of this study. The project team will meet with the public to obtain input, present project details, review study findings, and address comments and concerns. The second of three Public Information Centres is being held to provide information on the alternative solutions being considered.

Information will be collected in accordance with the **Freedom of Information and Protection of Privacy Act.** With the exception of personal information, all comments will become part of the public record. Confidentiality of personal information is assured.
