Notice of Study Completion

Environmental Assessment Study - Dryden Boulevard Extension (from Deverell Street to Thickson Road)

The Town of Whitby completed a Schedule C Environmental Assessment Study (which will hereafter be referred to as “the Study”) to examine the extension of Dryden Boulevard from Deverell Street to Thickson Road to accommodate growth in the area.

Based on the evaluation of different alternative solutions, and the comments we received from the public and stakeholders, it is recommended that Dryden Boulevard be extended from Deverell Street to Thickson Road as shown in the above map. The road extension will include a bridge structure over Pringle Creek, a sidewalk, a multi-use path and on-road bike lanes.

As part this Study, an Environmental Study Report (ESR) was prepared to document the entire study process including the assessment of environmental impacts, alternative solutions developed and evaluated, the evaluation criteria, public and stakeholder consultation programs and all the technical reports completed for this Study. The ESR will be available for public review for a period of 30 days beginning on Thursday, October 4, 2018 (date of notice), and will end on Monday, November 5, 2018 (date of closing).
The ESR is available at the following locations:

Whitby Central Library
405 Dundas Street West
Whitby, Ontario L1N 6A1
Tel: 905.668.6531

Town of Whitby
Office of the Town Clerk
575 Rossland Road East
Whitby, Ontario L1N 2M8
Tel: 905.430.4307

You can also visit our project website at whitby.ca/studies to view the ESR and other information pertaining to this Study. Written comments or questions can be sent to any of the following team members before Monday November 5, 2018 (date of closing).

Horace Look, P. Eng., Project Engineer (Capital)
Public Works Department - Town of Whitby
Unit 102, 3050 Garden Street
Whitby, Ontario L1R 2G7
Tel: 905.430.4935
Email: lookh@whitby.ca

Nathalie McCutcheon, P. Eng., Project Manager
The Municipal Infrastructure Group
Tel: 905.738.5700, extension 506
Email: nmccutcheon@tmig.ca

If you have any particular concerns about this Study, please contact one of the above team members to discuss these concerns. If an acceptable resolution cannot be found, you may submit a project review request to the Ministry of the Environment, Conservation and Parks. This is called a Part II Order Request, which will invoke Part II of the Environmental Assessment Act, allowing the Minister to elevate the project to a higher level of study if warranted. If you wish to submit a Part II Order Request, a Part II Order Request Form must be used. The Part II Order Request Form is available online on the Ministry’s website https://www.ontario.ca/page/class-environmental-assessments-part-ii-order by clicking on “Part II Order Request Form”. The form must be received by the Ministry before Monday, November 5, 2018 (date of closing).

Below is the contact information for the Ministry of the Environment, Conservation and Parks:

Minister of the Environment, Conservation and Parks
Floor 11, 77 Wellesley Street West
Toronto, Ontario M7A 2T5
Fax: 416.314.8452
Minister.mecp@ontario.ca

Director, Environmental Assessment and Permissions Branch
Ministry of the Environment, Conservation and Parks
135 St. Clair Avenue West, 1st Floor
Toronto, Ontario M4V 1P5
environpermissions@ontario.ca

Personal information in this project will be collected under the authority of Section 11 of the Municipal Act, 2001 and will be used for information purposes only for this Study. Questions regarding the collection and use of personal information should be directed to the Town of Whitby Freedom of Information and Protection of Privacy Office at 905.430.4300, extension 2287.

This Notice was first issued on Thursday, October 4, 2018.
